**Westside Salmon Announcement 28
Emergency Order 32**

This is the Alaska Department of Fish and Game in Dillingham with an announcement regarding subsistence fishing in the Nushagak District. This is Westside salmon announcement number 28 issued Sunday, July 7 at 9:00 a.m.

Effective immediately subsistence fishing on the Dillingham beaches is open seven days per week. Run timing is exceptionally early and the commercial harvest is low. In order to provide additional opportunity for subsistence users the 3-day per week schedule is being waived.

The Wood River escapement has not yet reached the 1.1 million mid range goal. Until that happens, permit holders wishing to transfer to the Nushagak District are subject to the regular transfer regulations.
